

HSE Policy Statement

Mohammed Al-Barghash Al-Mansouri & Sons Trading and contracting company limited (MBTC), is specializes in Engineering, Procurement and Construction of Cross Country / Onshore Pipeline, Overhead Powerline, Industrial Plant Maintenance Services & Pipeline Replacement, Rehabilitation Services, and other related activities. And therefore, MBTC is committed to protect the health and safety of everyone involved in its operations, and the sustainability of environment in which it operates. We are committed to the process of continual improvement and the adoption of all applicable legal & other requirements which ever applicable.

- ❖ To assure compliance with all applicable client, statutory, regulatory, and other requirements, all company activities are controlled in accordance with ISO 14001:2015 environmental management system and ISO 45001:2018 (OH&S) Occupational Health and Safety Management System. MBTC is fully committed to developing, implementing, monitoring, and continuously improving a proactive health, safety, and environmental management system focused on preventing injuries, illness, and environmental impacts.
- ❖ Special attention will be paid to identifying, assessing, eliminating, and controlling occupational health and safety hazards and risks, environmental aspects, and significant impacts that ensure the safety, health, and sustainability of all involved personnel.
- ❖ By consulting and involving workers and worker representatives, MBTC reduces the risk of internal and external issues, and the HSE Management System will be developed and altered in such a way that it anticipates and controls health, safety, and environmental risks and impacts before they occur.
- ❖ HSE Objectives will be established strategically to ensure the effective implementation of the HSE Management system and to support the organization's HSE Policy. Our performance against these HSE Objectives is measured, analysed and acted upon to ensure the HSE Management System's continual improvement.
- ❖ Through well-planned HSE Training & competency enhancement programs, MBTC is committed to raising awareness among all employees and other interested parties about Health, Safety hazards & risks, environmental aspects and impacts arising directly and indirectly from the organization 's activities, products, and services.

HSE Plans, HSE Procedures, HSE Policies, HSE Objectives, and HSE Performance Progress are communicated throughout the organization so that everyone is aware of their respective HSE responsibilities and can contribute to the organization's desired HSE Performance. The HSE Policy will be reviewed, amended, and re-issued on an annual basis or whenever it is deemed necessary.
